EE105 Lab Experiments

Prelab 2: Electronic Test Equipment

You should familiarize yourself with the lab equipment in advance. There are tutorials specifically for EE105 with descriptions of each device's operation. For more details, you can read the device manuals, available on the EE105 website. You don't have to turn in anything for this prelab.

- DC Power Supply Tutorial
- Digital Multimeter (DMM) Tutorial
- Function Generator Tutorial
- HP8116A Oscilloscope Tutorial
- HP4155 Parameter Analyzer Tutorial
